

STEP 1: Click the link below to log into the PCS Cabinetry Dealer Portal and download the 2020 catalogs under the Sales Tools section.

<https://www.pcscabinetry.com/about-us/dealer-portal/>

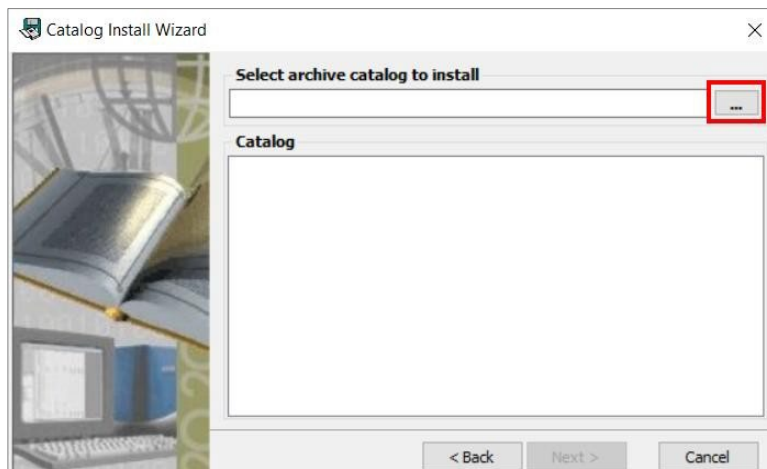

STEP 2: Once the zipped files are saved to your

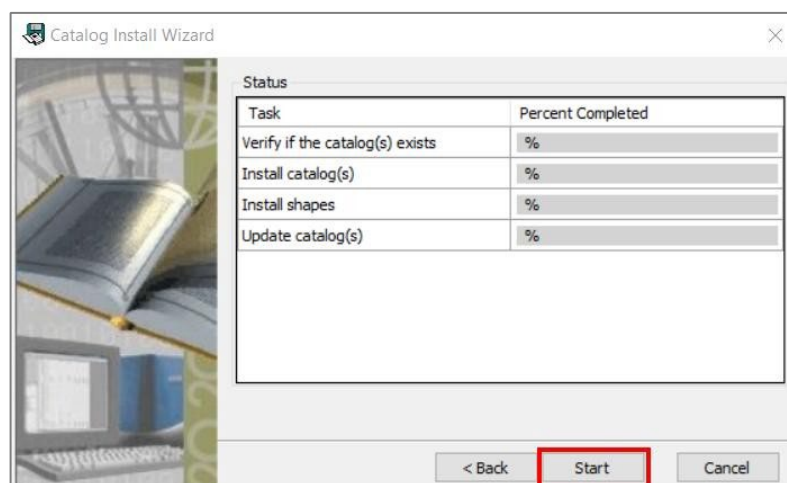

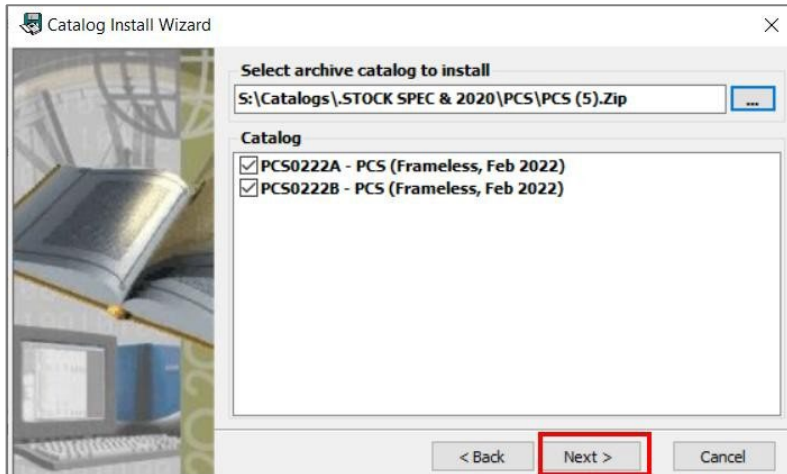

STEP 3: Click on “Install”. computer, open the “Catalog Manager” app on your computer.

STEP 4: Click on the “...” to locate the catalog on your computer and double click on the zipped file you are installing.

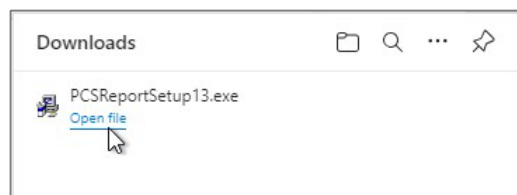

STEP 5: Click “Next”, and then “Start” to begin install.

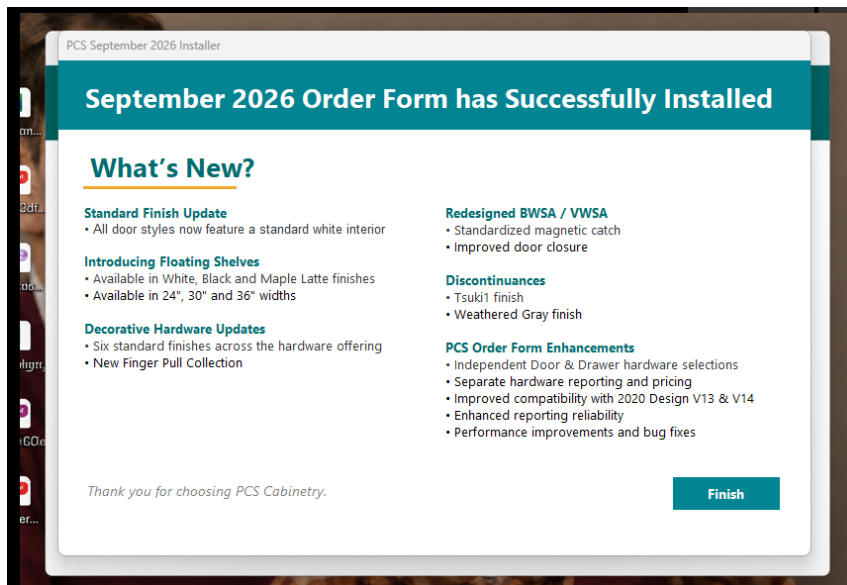

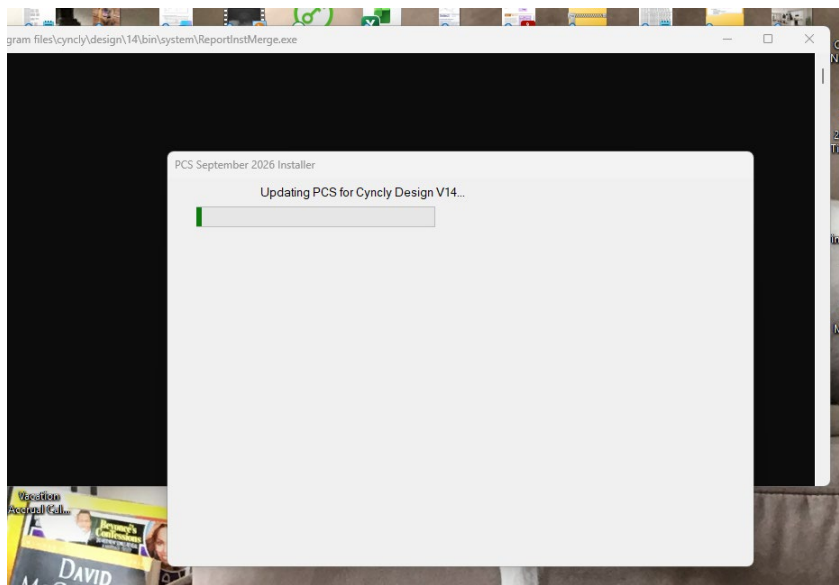

STEP 6: To install/update the PCS 2020 Report, click on the Order Form download link under the Sales Tools section of the PCS Cabinetry Dealer Portal. The PCS Order Form supports both 2020 Design V13 and V14. The installer automatically detects and installs the appropriate version.

STEP 7: Locate your downloaded install file and open the file.

STEP 8: When opened, file will immediately start installing. When finished, a confirmation screen will appear with a “What’s New” section outlining any changes made. Click “Finish” to close out the install.

ADDITIONAL INFORMATION:

See “Using the PCS Custom Report” instructions for information on using the PCS Report.
